

Analysis #1

Question:

give me number of employees for each ethnicity

Visualization:

Summary:

FINAL ANSWER: The analysis of employee numbers by ethnicity resulted in the following metrics:

- There are 144 individuals with unspecified ethnicity.
- There are 81 Hispanic or Latino employees.
- There are 77 Black or African American employees.
- There are 74 White employees.
- There are 67 Asian employees.

- There are 57 Native American employees.

These insights were visualized in a bar chart, showing the distribution of employees across different ethnicities.
